2. pallet jack truck Feature And Application

Our most popular and reliable pallet jack truck has a 2000kg 2500kg 3000kg 5000kg capacity and hydraulic pump unit.

Our pallet jack truck is Reliable, sturdy, torsion-resistant due to it's extremely strong high quality steel profile and have high painting quality.

All pivot points are greased to ensure excellent maneuverability with effortless steering.

1. Our pallet jack use thick fork 4mm thickness after painting and each fork have reinforce steel at the bottom to ensure fork not No tilt or deformation.

2. Pallet jack use high quality AC Integral pump, it is no leak oil, easy to maintain and save your time.

3. Common wheel is nylon wheel and pu wheel. And nylon wheel is suitable for uneven surface. Pu wheel is suitable for smooth surface.

4. The shape and thickness of the handle along with the design and placement of the control lever reduces operator fatigue and improves productivity. The neutral lever position releases tension on the handle for easier maneuvering.
